Subject: BFI 3X3 India tour Program - Update

Dear Friends,

I take this opportunity to inform you that, as per the Steering Committee's mandate, BFI will soon launch its BFI 3x3 India Tour program with an aim of India's participation in international FIBA 3x3 competitions including the Olympics.

The FIBA 3x3 format is one of the fastest growing urban sport in the world, and I do believe BFI's 3x3 program will help us gather more popularity and garner more attention among the Indian sport fans in the days to come.

However, in this context I need to emphasise on the fact that FIBA 3x3 is NOT a replacement for 5x5 Basketball. The 5x5 Basketball continues to remain, as per FIBA's guidelines, the priority in BFI's development program in India.

As per the decision of the Basketball Federation of India AGM held in Chennai on 23rd January 2018, it was unanimously decided that no player of 5x5 will be allowed to play 3x3. It is the duty of all us to strictly implement the decision of the AGM. Moreover the player who will play 3x3 will not be allowed to participate in any State/National/international Championship.

In the meantime, the details on BFI 3x3 India tour competition program will be shared with you in the month of May 2018.

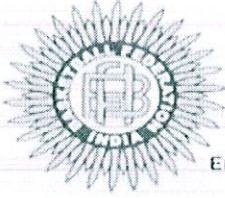

Thank you in advance for your special attention in preserving the core players of 5x5 in your regions.

Sincerely,

(Chander Mukhi Sharma)
Secretary General
